this study of catholicism articulates how theological teachings trickle down from the vatican and influence decisions about food marriage sex community celebrations and medical care

festivals and ceremonials played a major role in the spanish world through them local identities as well as a common spanish culture made their presence manifest within and beyond the peninsula through ephemeral displays music and print this book explores habsburg visual culture at court and its connection with the creation of a language of triumph the relationship between religion and the empire and examines cultural artistic and musical exchange in naples and rome taken together these essays contribute further to our growing appreciation of the importance of early modern festival culture in

general and their significance in the world of the spanish habsburgs in particular

for law students and lawyers to successfully understand and practice law in the u s recognition of the wider context and culture which informs the law is essential simply learning the legal rules and procedures in isolation is not enough without an appreciation of the culture that produced them this book provides the reader with an understandable introduction to the ways in which u s law reflects its culture and each chapter begins with questions to guide the reader and concludes with questions for review challenge and further understanding kirk w junker explores cultural differences employing history social theory philosophy and language as reference frames which are then applied to the rules and procedures of the u s legal system in the book s final chapter through these cultural reference frames readers are provided with a set of interpretive tools to inform their understanding of the substance and institutions of the law with a deeper understanding of this cultural context international students will be empowered to more quickly adapt to their studies more comprehensively understand the role of the attorney in the u s system draw comparisons with their own domestic legal systems and ultimately become more successful in their legal careers both in the u s and abroad

in the problem of the idea of culture in john paul ii exposing the disruptive agency of the philosophy of karol wojtyla john corrigan provides a new lens with which to view and understand the philosophy of karol wojtyla john paul ii he exposes wojtyla as a major player in contemporary philosophical debates the work reformulates the problem of experience in light of the questions surrounding our idea of culture corrigan argues that for wojtyla the drama of the problem of experience manifests in the apparently divergent accounts of the meaning of human experience as presented by the philosophies of being and of consciousness solving this conundrum results in an idea of the person capable of explaining human experience in relation to human culture unfolding the experiences of self knowledge conscience and the ontic causal relationship of the person to human culture the first part of the book concerns formal considerations regarding the constitutive aspects of wojtyla s approach while the second part deals with pragmatic considerations drawn from his comments on culture

over the last half of the twentieth century culture moved to the foreground of political and intellectual life suddenly everyone discovered that culture had been mass produced like ford s cars the masses had culture and culture had a mass culture was everywhere no longer the property of the cultured or the cultivated radical social movements around the globe invented a politics of culture culture in the age of three worlds is a reflection on this cultural turn which was a fundamental aspect of the age of three worlds that short half century between 1945 and 1989 when it was imagined that the world was divided into three the capitalist first world the communist second world and the decolonizing third world recasting the legacies of british cultural studies and the radical traditions of the american studies movement in a global context michael denning explores the political and intellectual battles over the meanings of culture addresses the rise of a distinctive american ideology and charts the lineaments of the global cultures that emerged as three worlds gave way to one

johnston argues that the preemptive first use of nuclear weapons long the foundation of american nuclear strategy was not the carefully reasoned response to a growing soviet conventional threat instead it was part of a process of cultural socialization by which the united states reconstituted the previously

nationalist strategic cultures of the european allies into a seamless western community directed by washington building a bridge between theory and practice this book examines the usefulness of cultural theory in international history

this book offers research geared toward understanding culture and its influence on the success of global businesses divided into two parts that look at the leveraging culture cultural diversity from an organizational as well as national perspective the chapters investigate the effects of technology on culture the role of leadership in corporate culture and communicating and managing change across cultures the book emphasizes that embracing cultural and subcultural differences alongside instilling organizational culture are the keys to successful modern business with contributions from authors from academic as well as professional backgrounds this book will serve as a valuable resource to researchers interested in cultural studies generally as well as those studying the importance of culture to managing modern organizations

how did objects move between places and people and how did they reshape the republic s arts cultures and sciences objects were vitally significant for the early modern dutch republic which is known as an early consumer society a place famous for its exhaustive production of books visual arts and scientific instruments what happens when we push these objects and their materiality to the centre of our research how do they invite us to develop new perspectives on the early modern dutch republic and how do they contest the boundaries of the academic disciplines that have traditionally organized our scholarship in objects commodities and material cultures the interdisciplinary community of specialists around the amsterdam centre for the study of early modernity innovatively explores the diverse early modern world of objects its contributors take a single object or commodity as a point of departure to study and discuss various aspects of early modern art culture and history from natural objects to consumer goods from knowledge instruments to artistic materials the volume aims to unravel how objects have moved through regions cultures and ages and how objects impacted people who lived and worked in the dutch republic

deals with global flows of capital information and popular culture questions of hybridity identity politics postcoloniality and the state with a focus on latin america

the first encyclopedia to look at the study of material culture objects images spaces technology production and consumption and what it reveals about historical and contemporary life in the united states reaching back 400 years material life in america an encyclopedia is the first reference showing what the study of material culture reveals about american society revelations not accessible through traditional sources and methods in nearly 200 entries the encyclopedia traces the history of artifacts concepts and ideas industries peoples and cultures cultural productions historical forces periods and styles religious and secular rituals and traditions and much more everyone from researchers and curators to students and general readers will find example after example of how the objects and environments created or altered by humans reveal as much about american life as diaries documents and texts
