nations are built by narrating their past threads of common memories weave the fabric of the national culture integrating the heterogenous communities into the idea of a single nation in multicultural societies the process is a messy one different communities remember the past from perspectives that often clash with each other multiple memories of a multicultural nation challenge the idea of a singular national identity and call for multiple forms of belonging memory and nation building explores the contemporary images of world war ii in malaysian literature and the continuing significance of the conflict in the collective memory and nation building in malaysia given the multicultural nature of the nation the war memories of malaysia are multiple and often contradictory in the contemporary malaysian literature these memories embody the search for a historical narrative that would accommodate the cultural and ethnic diversity of the country

this dynamic handbook unpacks the entanglements between the two notions of home

and migration which illuminate the lived experiences of in voluntary mobilities and the contested terrain of inclusion and belonging drawing on cross disciplinary contributions from leading international scholars it advances research on the social study of home in relation to migration refugee displacement and diaspora studies this title contains one or more open access chapters

why do we travel are holidays good for our health what are the social and psychological factors that drive us to move the psychology of travel provides an eclectic introduction to the range of travel experiences from commuting to going on holiday to studying abroad travel is a near universal experience and manifests itself in various forms from everyday experiences to exotic adventure although it varies across time and cultures the book unpacks the concept of travel and engages with topics including migration wellbeing acculturation wayfinding slow travel place attachment and nostalgia and brings them into sharp focus in relation to globalisation and climate change by asking what drives us to journey and offering key insights into the psychological factors behind different kinds of travel the psychology of travel introduces the reader to new ways of thinking about global mobility and movement

the book describes the childhood of growing up in the 1920s on a small iowa farm

this book explores the process of food migration adaptation and connections to cultural identities through the lens of food design research using design practice and methodology it creates an awareness for the health and well being of humanity s ecosystems through identity and adaptation the book examines the evolving relationship between people and food exploring how food transforms when it migrates to new cultures adapting to local environments ingredients and practices this leads to the creation of hybrid cultural practices and identities food adaptation affects the three integrated aspects of personal social and environmental connectivity shaping individual and national identities while influencing sustainable food choices and practices the book analyses food transformation from these three integrated perspectives using examples from a variety of global contexts key questions include how food adaptation reconciles with new identities and the impact of cultural memories on food practices and how can food design promote sustainable transformative food cultures contributors from diverse backgrounds will use design to question and foster the awareness of food s role in human health well being environmental sustainability and ecology the transformative nature of food will be of value to academics and postgraduate students in food design cultural studies and environmental sustainability programmes as well as to professionals in cultural and non profit sectors government agencies focused on migration tourism agriculture and local development will also find this research valuable for policy and programme development
