a collection of primary sources on anarchism

foucault's intellectual indebtedness to nietzsche is apparent in his writing yet the precise nature extent and nuances of that debt are seldom explored foucault himself seems sometimes to claim that his approach is essentially nietzschean and sometimes to insist that he amounts to a radical break with nietzsche this volume is the first of its kind presenting the relationship between these two thinkers on elements of contemporary culture that they shared interests in including the nature of life in the modern world philosophy as a way of life and the ways in which we ought to read and write about other philosophers the contributing authors are leading figures in foucault and nietzsche studies and their contributions reflect the diversity of approaches possible in coming to terms with the foucault nietzsche relationship specific points of comparison include foucault and nietzsche's differing understandings of the death of god art and aesthetics power writing and authorship politics and society the history of ideas genealogy and archaeology and the evolution of knowledge

micel foucault is one of the most important and controversial thinkers of the twentieth century and one of the leading figures in contemporary western intellectual life and debate the recent publication of his last lecture courses at the collège de france 1981 1984 together with the short texts essays and interviews from the same period have sparked new interest in his work allowing for a new understanding of his philosophical trajectory and challenging several interpretations produced over the last few decades in this later phase of his thinking foucault deepens and expands the course of his preceding works on the genealogy of subjectivity while at the same time adding a significant ethical and political dimension to it his focus on the ancient ethics of care of the self and technologies of self constitution during this period adds important nuances to his previous positions on power truth and subjectivity

shedding new light on his philosophical endeavour as a whole and situating his reflections at the centre of current moral debates focusing on the last stage of foucault s thought this book brings together international scholars to relaunch the critical debate on the significance of foucault s so called ethical turn and to discuss the ways in which the perspectives offered by foucault in this period might help us to unravel modernity giving us the tools to understand and transform our present ethically and politically

this book is about the politics of cyberspace it shows that cyberspace is no mere virtual reality but a rich geography of practices and power relations using concepts and methods derived from the work of michel foucault jeremy crampton explores the construction of digital subjectivity web identity and authenticity as well as the nature and consequences of the digital divide between the connected and those abandoned in limbo he demonstrates that it is by processes of mapping that we understand cyberspace and in doing so delineates the critical role maps play in constructing cyberspace as an object of knowledge maps he argues shape political thinking about cyberspace and he deploys in depth case studies of crime mapping security and geo surveillance to show how we map ourselves onto cyberspace inexorably and indelibly clearly argued and vigorously written this book offers a powerful reinterpretation of cyberspace politics and contemporary life
