a new york times notable book of 2012 food and in particular the lack of it was central to the experience of world war ii in this richly detailed and engaging history lizzie collingham establishes how control of food and its production is crucial to total war how were the imperial ambitions of germany and japan ambitions which sowed the seeds of war informed by a desire for self sufficiency in food production how was the outcome of the war affected by the decisions that the allies and the axis took over how to feed their troops and how did the distinctive ideologies of the different combatant countries determine their attitudes towards those they had to feed tracing the interaction between food and strategy on both the military and home fronts this gripping original account demonstrates how the issue of access to food was a driving force within nazi policy and contributed to the decision to murder hundreds of thousands of useless eaters in europe focusing on both the winners and losers in the battle for food the taste of war brings to light the striking fact that war related hunger and famine was not only caused by nazi germany and imperial japan but was also the result of allied mismanagement and neglect particularly in india africa and china american dominance both during and after the war was not only a result of the united states immense industrial production but also of its abundance of food this book traces the establishment of a global pattern of food production and distribution and shows how the war subsequently promoted the pervasive influence of american food habits and tastes in the post war world a work of great scope the taste of war connects the broad sweep of history to its intimate

impact upon the lives of individuals

food and in particular the lack of it was central to the experience of the second world war in this richly detailed and engaging history lizzie collingham establishes how control of food and its production is crucial to total war how were the imperial ambitions of germany and japan ambitions which sowed the seeds of war informed by a desire for self sufficiency in food production how was the outcome of the war affected by the decisions that the allies and the axis took over how to feed their troops and how did the distinctive ideologies of the different combatant countries determine their attitudes towards those they had to feed tracing the interaction between food and strategy on both the military and home fronts this wide ranging gripping and dazzlingly original account demonstrates how the issue of access to food was a driving force within nazi policy and contributed to the decision to murder hundreds of thousands of useless eaters in europe focusing on both the winners and losers in the battle for food this book brings to light the striking fact that war related hunger and famine was not only caused by nazi germany and imperial japan but was also the result of allied mismanagement and neglect particularly in india africa and china american dominance both during and after the war was not only a result of the united states immense industrial production but also of its abundance of food this book traces the establishment of a global pattern of food production and distribution and shows how the war subsequently promoted the pervasive influence of american food habits and tastes in the post war world a work of great scope the taste of war connects the broad sweep of history to its intimate impact upon the lives of individuals

the provisions of war examines how soldiers civilians communities and institutions have used food and its absence as both a destructive weapon and a unifying force in establishing governmental control and cultural cohesion during times of conflict historians as well as scholars of literature regional studies and religious studies problematize traditional geographic boundaries and periodization in this essay collection analyzing various conflicts of the nineteenth and twentieth centuries through a foodways lens to reveal new insights about the parameters of armed interactions the subjects covered are as varied and inclusive as the perspectives offered ranging from topics like military logistics and animal disease in colonial africa indian vegetarian identity and food in the counterinsurgency of the malayan emergency to investigations of hunger in egypt after world war i and american soldiers role in the making of us mexico borderlands taken together the essays here demonstrate the role of food in shaping prewar political debates and postwar realities revealing how dietary adjustments brought on by military campaigns reshape national and individual foodways and identities long after the cessation of hostilities

the routledge economic history of war presents a broad overview of the latest research on the long lasting changes and effects that collapsing security in international relations has had on the world s economies and societies arranged around five key themes fiscal and military capacity military spending economic effects of war war and institutions and business and war this handbook features contributions from an international range of scholars on varying methodological approaches theories and geographical arenas encompassing a range of disciplinary approaches the main focus is on how economic history can provide insights into the societal impact of war addressing issues such as how war preparations and arms races affect government spending the direct economic effects of war and how societies adjust to the economic realities of rearmament and recovery this volume also explores whether wars change or alter institutions such as governments religion and democracy it also looks at what lessons we can learn from the past about military spending state capacity and the effects of war on both individual societies and global cooperation ultimately this book provides a broad overview of the methodological geographical and multidisciplinary range of the economic history of war and demonstrates how war economics institutions and society are inextricably linked throughout history

potatoes are the world s fourth most important food crop yet they were unknown to most of humanity before 1500 feeding the people traces the global journey of this popular foodstuff from the andes to everywhere the potato s global history reveals the ways in which our ideas about eating are entangled with the emergence of capitalism and its celebration of the free market it also reminds us that ordinary people make history in ways that continue to shape our lives feeding the people tells the story of how eating became part of

statecraft and provides a new account of the global spread of one of the world's most successful foods

even in the harsh conditions of total war food is much more than a daily necessity however scarce it is social glue and an identity marker a form of power and a weapon of war this collection examines the significance of food and hunger in Germany's turbulent twentieth century food centered perspectives and experiences from below reveal the social cultural and political consequences of three conflicts that defined the twentieth century the first and second world wars and the ensuing global cold war emerging and established scholars examine the analytical salience of food in the context of twentieth century Germany while pushing conventional temporal frameworks and disciplinary boundaries together these chapters interrogate the ways in which deeper studies of food culture in Germany can shed new light on old wars

drawing on recently released Soviet archival materials *Hunger and War* investigates state food supply policy and its impact on Soviet society during World War II it explores the role of the state in provisioning the urban population particularly workers with food feeding the Red Army the medicalization of hunger hunger in blockaded Leningrad and civilian mortality from hunger and malnutrition in other home front industrial regions new research reported here challenges and complicates many of the narratives and counter narratives about the war the authors engage such difficult subjects as starvation mortality bitterness over privation and inequalities in provisioning and conflicts among state organizations at the same time they recognize the considerable role played by the Soviet state in organizing supplies of food to adequately support the military effort and defense production and in developing policies that promoted social stability amid upheaval the book makes a significant contribution to scholarship on the Soviet population's experience of World War II as well as to studies of war and famine

Casseroles, Can Openers, and Jell-O provides insight on how American food culture developed during the early years of the cold war highlighting gender roles the promotion of democracy and capitalism and the impact of mass market advertising the book draws on cookbooks popular magazines television advertisements government publications and industry pamphlets to paint a vivid picture of what Americans ate and how food was enlisted as a symbol of America's postwar dominance featuring eighty recipes the book shows how the food industry promoted new processed foods to an increasingly industrialized nation for anyone wanting to better understand how America's food culture developed during the mid twentieth century and for those who were raised on TV dinners and Campbell's soup the book offers an engaging and evocative look at the story of American cuisine during the early years of the cold war

World War II dramatically transformed human life and society resulting in the deaths of 100 million people and shaping the worldview and psyches of generations the *Oxford Handbook of World War II* broadens traditional narratives of the war and in the process changes our understanding of this epic conflict spanning the rise and fall of the Versailles system to the postwar reintegration of veterans and the eventual commemoration of the conflict and its victims the *Oxford Handbook of World War II* marks a landmark contribution to the historical literature of war
