

# In Defense Of Globalization Jagdish Bhagwati

In Defense Of Globalization Jagdish Bhagwati In Defense of Globalization Addressing the Concerns of a Changing World Problem Globalization a phenomenon once heralded for its economic benefits faces increasing criticism From job displacement and rising inequality to cultural homogenization and geopolitical tensions the perceived downsides of interconnectedness are prominent in public discourse Many argue that the current global economic system favors powerful corporations and neglects the needs of workers and communities This has fueled a resurgence of protectionist sentiments threatening the very foundations of international trade and cooperation Solution Jagdish Bhagwati a renowned economist and staunch advocate for globalization argues that these concerns are often misdirected and that the benefits of a globalized economy far outweigh the costs His work based on extensive research and rigorous analysis provides a compelling defense of globalization highlighting the crucial role it plays in fostering economic growth reducing poverty and improving living standards worldwide A Deeper Dive into Bhagwatis Arguments Bhagwatis core argument centers around the undeniable link between globalization and economic progress He emphasizes that free trade fosters specialization leading to increased productivity and lower prices for consumers This competitive environment he posits forces domestic industries to adapt and innovate ultimately benefiting everyone His research frequently cited in academic circles and policy debates meticulously demonstrates the positive correlation between trade liberalization and poverty reduction For example studies show that countries that embrace globalization often experience faster growth and improved living standards for their citizens Addressing Specific Concerns One common criticism of globalization is its impact on employment Bhagwati counters this by highlighting the dynamism of the global economy While some sectors may experience job losses globalization simultaneously creates new opportunities in other areas The emergence of new industries driven by technological advancements and global demand necessitates new skills and creates employment opportunities albeit often in different sectors However Bhagwati acknowledges the need for proactive government policies to support workers and communities affected by these transitions This includes retraining programs social safety nets and investments in education and infrastructure He stresses the importance of a proactive government in shaping the transition to a globalized world and not simply reacting to its consequences Furthermore the concern about rising income inequality is a significant point of

contention Bhagwati argues that globalization while not a perfect solution significantly contributes to the overall rise in living standards benefiting even the lower socioeconomic strata Moreover he suggests that globalization can spark innovation and entrepreneurship creating new avenues for upward mobility He emphasizes the importance of good governance equitable distribution mechanisms and social welfare programs to mitigate the negative effects of inequality and ensure that the benefits of globalization are more widely shared Recent Research and Industry Insights Current research further underscores the benefits of globalization Data from the World Bank and the International Monetary Fund consistently show a strong correlation between trade openness and economic growth especially in developing nations Furthermore advancements in technology such as ecommerce and digital platforms have further expanded the reach of globalization making it increasingly inclusive Industry experts consistently highlight the advantages of global supply chains which foster efficiency and affordability For example the ability to source raw materials and components from around the world allows businesses to produce goods more efficiently Conclusion Jagdish Bhagwatis defense of globalization is more relevant than ever in todays interconnected world While concerns about job displacement inequality and cultural homogenization are valid they are often overstated Bhagwatis research and arguments demonstrate the profound economic benefits of globalization including increased productivity reduced poverty and improved living standards However it is crucial to acknowledge the need for supportive government policies to manage the transition ensuring that the gains of globalization are distributed more equitably Protectionist policies while seeming to offer immediate solutions ultimately harm economic growth and limit opportunities for progress Frequently Asked Questions FAQs 1 Q Is globalization responsible for all the worlds problems A No While globalization can contribute to challenges like inequality it is not the sole cause 3 Other factors including domestic policies and social structures also play significant roles 2 Q How can governments mitigate the negative impacts of globalization A Governments can implement policies that support workers through retraining programs invest in education and infrastructure and strengthen social safety nets 3 Q Does globalization lead to cultural homogenization A While some aspects of culture may be influenced by globalization it also fosters cultural exchange and preservation of diverse traditions 4 Q Can globalization be managed to avoid exploitation of workers A Yes International labor standards and ethical sourcing practices can mitigate potential exploitation while promoting responsible business practices 5 Q What is the future of globalization in the face of rising nationalism A Globalizations future depends on whether countries can balance national interests with the benefits of international cooperation and trade Stronger international institutions and policies are vital to ensure a more inclusive and equitable global system In Defense of Globalization

Jagdish Bhagwati's Perspective Globalization a multifaceted phenomenon characterized by increasing interconnectedness across borders has been a source of intense debate. While some herald it as a force for progress others decry its negative impacts. Jagdish Bhagwati, a renowned economist and staunch advocate of free trade, has consistently defended globalization against its critics. His work notably *In Defense of Globalization* argues that the benefits significantly outweigh the drawbacks, promoting a nuanced understanding of the complexities involved. This article delves into Bhagwati's arguments, examining both the advantages and potential challenges associated with globalization.

**The Case for Globalization**

Bhagwati's core argument revolves around the idea that globalization, facilitated by free trade and capital flows, leads to significant economic gains for participating nations. He emphasizes that the gains are often not evenly distributed but on a macro level, the benefits are demonstrably positive. Increased Consumer Choice and Lower Prices: Globalization exposes consumers to a wider array of goods and services at potentially lower prices due to increased competition and access to global markets. Think of the affordable electronics available today compared to decades past; this is a direct result of global supply chains.

Enhanced Economic Growth and Productivity: By allowing specialization and the exploitation of comparative advantages, free trade boosts overall productivity and economic growth. Developing nations, in particular, can leverage globalization to access global markets for their products, leading to higher incomes and improved living standards.

Technological Diffusion and Innovation: Globalization facilitates the rapid dissemination of technological advancements across countries. This crosspollination of ideas and practices fosters innovation and leads to improved products and processes.

Poverty Reduction: Bhagwati argues that globalization, while not a panacea, can be a powerful tool for poverty reduction by creating economic opportunities in developing countries. This is especially true in sectors where developing countries have a comparative advantage.

**Data Visualization Hypothetical**

A chart comparing GDP growth rates of nations with high levels of trade openness to those with limited trade openness over a 20-year period could vividly illustrate Bhagwati's point. This could visually demonstrate the positive correlation between trade openness and economic growth.

**Case Study**

**The Rise of the Asian Tigers**: The economic miracle of the Asian Tigers (South Korea, Taiwan, Singapore, and Hong Kong) provides a powerful case study supporting Bhagwati's arguments. These economies, heavily reliant on exports and global trade, experienced remarkable growth driven by globalization, illustrating the potential for countries to benefit significantly from increased engagement in the global economy.

**Challenges and Concerns Related to Globalization**

While Bhagwati highlights the significant advantages, it's crucial to acknowledge the associated challenges. Job Displacement and Income Inequality: Increased competition from global markets can lead to job losses in certain sectors and industries within developed countries. This can

exacerbate income inequality as skilled workers might maintain high earnings but unskilled labor faces job displacement and wage stagnation. Policies to help workers adjust including retraining programs are essential to mitigate this. Environmental Degradation Globalization can sometimes lead to increased environmental degradation. The pursuit of lower production costs can incentivize companies to move to regions with lax environmental regulations potentially harming ecosystems and biodiversity. This necessitates global cooperation on environmental standards. Exploitation of Labor In some cases globalization can lead to the exploitation of labor particularly in developing countries where wages and working conditions might be significantly lower than in developed nations. Strong labor protections and fair trade practices are crucial to ensure fair treatment of workers worldwide. Addressing Concerns and Mitigating Risks Promoting sustainable practices Companies can be incentivized through legislation and voluntary standards to maintain sustainability. Strengthening labor rights International agreements and domestic legislation can bolster labor rights in developing countries. Investment in education and training Investments in skills development can equip workers to adapt to changing labor markets. Targeted aid and safety nets Governments should create safety nets to cushion the impact of job displacement. Actionable Insights Promote informed dialogue Encourage public discourse that addresses both the potential benefits and risks of globalization. Focus on inclusivity Develop strategies to ensure that the benefits of globalization are shared broadly across different segments of society. Invest in education and skills development Focus on improving education and training programs to equip workers with the skills needed for the changing global marketplace. Advanced FAQs 1 How does globalization affect cultural exchange Globalization facilitates cultural exchange but it also can lead to cultural homogenization. Bhagwati acknowledges both aspects of this interaction. 2 What is the role of international institutions in managing the downsides of globalization Bhagwati emphasizes the importance of institutions that promote trade rules and cooperation. 3 Can protectionist policies effectively address the negative impacts of globalization Bhagwati argues that protectionism can be counterproductive and ultimately hinder economic growth. 4 How can governments balance the need for economic growth with social concerns This involves finding policies that promote growth while addressing job losses and income inequality. 5 Is globalization sustainable in the long run considering environmental concerns Bhagwati acknowledges that sustainability is crucial. Responsible global trade practices can be part of the solution Conclusion Jagdish Bhagwati's *In Defense of Globalization* offers a crucial perspective on the multifaceted nature of globalization. While acknowledging the challenges associated with it, he emphasizes the significant economic benefits that it can bring especially for developing nations. A balanced approach that proactively addresses the downsides is essential for harnessing the power of

globalization to benefit humanity while mitigating its potential risks

in the passionate debate that currently rages over globalization critics have been heard blaming it for a host of ills afflicting poorer nations everything from child labor to environmental degradation and cultural homogenization now jagdish bhagwati the internationally renowned economist takes on the critics revealing that globalization when properly governed is in fact the most powerful force for social good in the world today drawing on his unparalleled knowledge of international and development economics bhagwati explains why the gotcha examples of the critics are often not as compelling as they seem with the wit and wisdom for which he is renowned bhagwati convincingly shows that globalization is part of the solution not part of the problem this edition features a new afterword by the author in which he counters recent writings by prominent journalist thomas friedman and the nobel

laureate economist paul samuelson and argues that current anxieties about the economic implications of globalization are just as unfounded as were the concerns about its social effects

in the passionate debate that currently rages over globalization critics have been heard blaming it for a host of ills afflicting poorer nations everything from child labor to environmental degradation and cultural homogenization now jagdish bhagwati the internationally renowned economist takes on the critics revealing that globalization when properly governed is in fact the most powerful force for social good in the world today drawing on his unparalleled knowledge of international and development economics bhagwati explains why the gotcha examples of the critics are often not as compelling as they seem with the wit and wisdom for which he is renowned bhagwati convincingly shows that globalization is part of the solution not part of the problem this edition features a new afterword by the author in which he counters recent writings by prominent journalist thomas friedman and the nobel laureate economist paul samuelson and argues that current anxieties about the economic implications of globalization are just as unfounded as were the concerns about its social effects

shows how the pursuit of social and environmental agendas can be creatively reconciled with the pursuit of free trade argues that free trade by raising living standards can serve these agendas far better than can a descent into trade sanctions and restrictions

provocative essays on international trade with particular focus on u s foreign trade policy in the wind of the hundred days a new collection of public policy essays jagdish bhagwati applies his characteristic wit and accessible style to the subject of globalization notably he argues that the true clinton scandal lay in the administration s mismanagement of globalization resulting in the paradox of immense domestic policy success combined with dramatic failure on the external front bhagwati assigns the bulk of the blame for the east asian financial and economic crisis a disaster that prompts him to use as his title the poet octavio paz s image of devastation i met the wind of the hundred days to the administration s hasty push for financial liberalization in the region the administration bhagwati claims has also mishandled the freeing of trade the administration hosted wto meeting in seattle ended in chaos and the launch of a new round of multilateral trade negotiations was dashed bhagwati shows how the administration s failure to get congress to renew fast track authority can be attributed to an unimaginative response to the demands of a growing civil society in several essays he shows how free trade and social agendas both could have been pursued successfully if the concerns of human rights

environmental cultural and labor activists had been met through creative programs at appropriate international agencies such as the international labour organization instead of the wto and via trade treaties bhagwati also criticizes the claim that globalization needs a human face arguing that it already has one he faults the administration for embracing unsubstantiated anti globalization rhetoric that has made its own preferred option of pursuing globalization that much more difficult

an outstanding work written to celebrate the seventieth birthday of jagdish bhagwati the foremost defender of free trade and its role in developing economies in the world today this rigorously academic and critical volume represents an important contribution to the understanding of many aspects of globalization the editors affiliated with four

erudite and topical this well balanced treatment with essays from world renowned contributors including the former president of ireland mary robinson jagdish bhagwati and nobel prize winner joseph stiglitz considers the forces that propel globalization and those that resist it local and regional experiences from bangladesh china india latin america and the middle east are analyzed along with some of globalization s most potent risks giving voice to sophisticated and illustrative reasoning the future of globalization offers useful insights into the extraordinary human achievement brought about by increasing international economic integration interdependence and interconnectedness and shows how this has been a powerful force for the progress of humankind the contributors take stock of the debate on globalization and explore ways to make globalization more beneficial for individuals communities and countries as well as ways to reduce its insufficiencies and mitigate the risks it faces this book will benefit all students of economics political science and international relations among others and is useful to courses that focus on globalization and its impacts

views of leading economists on india s relationship with globalization

globalization deeply affects economic structures and raises the issue of how governments should respond to new challenges in this book various ways of improving the institutional setup for global governance are discussed by renowned experts the discussion focuses on further liberalizing international trade preventing international financial crises and protecting global environmental systems the advantages of free international trade as well as the fears of those who are against globalization are considered in the contributions

the world economy is facing unprecedented challenges brought by the still unfolding

global financial crisis at this critical juncture in history china s economic performance and financial stability are closely watched across the world the current global economic downturn and the rigidities it poses on the growth prospects of any individual economy are a testing ground for the effects of china s corporate governance reform and financial reform that have been taking place in recent years it is now a proper time to assess whether these reforms have yielded meaningful results which can help china withstand and navigate through the most severe economic difficulties of our times this book provides a comprehensive and up to date review and critique of corporate governance reforms and related financial reforms in china during the country s transition to a market economy involving its enterprise banking and capital markets sectors china s participation in economic globalization symbolized by its accession to the world trade organization is taken as a broad background to the country s domestic reform agenda by exploring the dynamics of china s evolving corporate governance regime this book presents an important country study of corporate governance reforms in developing and post communist transition economies to show the possibility of alternative paths to the market

this engaging and accessible book is a must read for every economics student it explores what the global economy is how it developed and how it operates today and why certain aspects of it have become controversial the global economy represents the combined economic output of all countries on earth and in 2020 was estimated at around 80 trillion while globalization has made it possible for greater economic interaction between nations and rapid growth on a worldwide scale many have argued that it has also helped to widen the gap between the richest and poorest nations the movement of goods and services between countries also has major impacts on national politics and international diplomacy as well as significant implications for human rights and welfare part of the student guides to business and economics series the global economy gives readers an in depth yet reader friendly look at one of the most important aspects of modern economics using simple language and relevant real world examples this book is appropriate for high school and undergraduate economics students as well as general interest readers curious to learn more about the global economy

this paper presents a snapshot of changes in the world s health and demographic conditions the paper highlights that in most parts of the world individuals are healthier and living longer thanks to improved health services and living conditions and the more widespread use of immunization antibiotics and better contraceptives although this trend is likely to continue hopes are fading in some regions where progress slowed or stopped in the 1990s primarily as a result of the aids epidemic moreover most regions of the developing world will not reach the millennium

development goals for health by 2015

the battle against global poverty that began after world war ii was a major undertaking engaging economists engineers and organizations featuring front and centre were six remarkable economists amartya sen manmohan singh mahbub ul haq jagdish bhagwati rehman sobhan and lal jayawardena all born as colonial subjects in the british empire and studied at cambridge university they represented a new figure on the world scene the third world development expert and played a crucial role in global debates about poverty and development apostles of development examines their different economic doctrines and the ongoing debate surrounding economic theory in poor countries compared to rich ones the lives of these apostles reveal how development did not begin with textbooks but with real world attempts to solve very specific and pressing problems finally the book emphasizes that development was a global south project first and foremost aiming to improve the conditions of the world's poorest countries it challenges the conventional wisdom that sees development only as a tool of rich countries to dominate or as proof of their humanitarian spirit it argues that development succeeds not when it follows ideological prescriptions but when it looks for what works the fading of grand visions shaped by ideological concerns has been one of the lasting effects of the end of the cold war the book argues that the best way forward is determined modesty focusing on practical matters such as addressing gross inequality and insisting that development means more than just economic growth given the salience of questions of economic inequality and the constant visibility of the promises and problems of economic development in the world today this is a timely and important read

first published in 2005 routledge is an imprint of taylor francis an informa company

james tobin 1981 nobel laureate in economics was the outstanding monetary economist among american keynesian economists this book the first written about james tobin examines his leading role as a keynesian macroeconomist and monetary economist and considers the continuing relevance of his ideas

this timely and valuable book explores the development of international human rights law over the last six decades the volume brings together leading experts to reflect on different aspects of human rights law not only considering and evaluating the developments so far but also identifying relevant problems and proposing relevant possible perspectives for the continued positive future development of human rights law the book is international in perspective both in scope and context and covers developments in the international protection of human rights since the

adoption of the udhr in 1948 the developments considered include the united nations system of protecting human rights as well as regional human rights systems in africa america and europe it also considers some key themes relevant to human rights including globalisation protecting human rights in emergency situations and trade sanctions the development of human rights ngos and many others the book will be an invaluable resource for students academics and policy makers working in the field of international human rights

comprises a collection of papers and comments analysing the impact of globalization on labour markets in both industrialized and developing countries

preferential trade agreements many taking the form of free trade agreements now number over 300 and are rapidly increasing in this new book leading economist jagdish bhagwati reveals how these agreements have recreated the unhappy situation of the protectionist 1930s when world trade was undermined by discriminatory practices today ironically as a result of a misdirected pursuit of free trade the world trading system is definitely at risk again the author argues and the danger is palpable indeed ptas have created a chaotic system of preferences that has destroyed the principle of non discrimination in trade

this study expands the narrow economic commercial focus of the topical media and places globalization in a multidisciplinary context as a continuing process and a permanent condition that transforms human living and society early chapters review the development of globalization as creating and diffusing knowledge expanding people s perspectives on living and continuing progress these chapters introduce globalization as an iterative human and deliberate process of creating new knowledge and using it to reinterpret the world time and man s place in both the later chapters present the major analytical perspectives of globalization political cultural and economic and a comparison of the primary carriers of globalism and barriers to globalization drawing on classical and modern analysis as well as narrow topical journalism the work focuses each perspective on people through the human processes of creating knowledge and living together the work expands the economic perspective beyond the fashionable focus on trade and investment into the triggering and shadowing relationships between economic growth political conflict and social stress the political perspective expands international politics and law to global governance triadic dispute resolution and global civil society the cultural and antiglobal perspectives reflect the success of economic globalization in bringing people directly into the narrowly rational processes of international politics and economics the final analytical chapter collects and compares observations and develops conclusions about globalization across the several perspectives speculation

about alternative futures for globalizing humanity can constitute a coherent standard ideal or direction for policymaking or an agenda for continuing research and debate

10. Can I read In Defense Of Globalization Jagdish Bhagwati books for free? Public Domain Books: Many classic books are available for free as they're in the public domain.

Free E-books: Some websites offer free e-books legally, like Project Gutenberg or Open Library. Find In Defense Of Globalization Jagdish Bhagwati

Greetings to run.curamericas.org, your destination for a wide range of In Defense Of Globalization Jagdish Bhagwati PDF eBooks. We are enthusiastic about making the world of literature reachable to all, and our platform is designed to provide you with a smooth and enjoyable eBook acquiring experience.

At run.curamericas.org, our goal is simple: to democratize knowledge and encourage a love for literature In Defense Of Globalization Jagdish Bhagwati. We are convinced that every person should have entry to Systems Examination And Structure Elias M Awad eBooks, encompassing different genres, topics, and interests. By supplying In Defense Of

Globalization Jagdish Bhagwati and a diverse collection of PDF eBooks, we endeavor to strengthen readers to explore, acquire, and immerse themselves in the world of literature.

In the expansive realm of digital literature, uncovering Systems Analysis And Design Elias M Awad refuge that delivers on both content and user experience is similar to stumbling upon a secret treasure. Step into run.curamericas.org, In Defense Of Globalization Jagdish Bhagwati PDF eBook downloading haven that invites readers into a realm of literary marvels. In this In Defense Of Globalization Jagdish Bhagwati assessment, we will explore the intricacies of the platform, examining its features, content variety, user interface, and the overall reading experience it pledges.

At the center of run.curamericas.org lies a wide-ranging collection that spans genres, catering the voracious appetite of every reader. From classic novels that have endured the test of time to contemporary page-turners, the library throbs with vitality. The Systems Analysis And Design Elias M Awad of content is apparent, presenting a dynamic array of PDF eBooks that oscillate between profound narratives and quick literary getaways.

One of the characteristic features of Systems Analysis And Design Elias M Awad is the organization of genres, forming a symphony of reading choices.

As you navigate through the Systems Analysis And Design Elias M Awad, you will come across the intricacy of options — from the organized complexity of science fiction to the rhythmic simplicity of romance. This assortment ensures that every reader, regardless of their literary taste, finds In Defense Of Globalization Jagdish Bhagwati within the digital shelves.

In the world of digital literature, burstiness is not just about variety but also the joy of discovery. In Defense Of Globalization Jagdish Bhagwati excels in this dance of discoveries. Regular updates ensure that the content landscape is ever-changing, presenting readers to new authors, genres, and perspectives. The surprising flow of literary treasures mirrors the burstiness that defines human expression.

An aesthetically pleasing and user-friendly interface serves as the canvas upon which In Defense Of Globalization Jagdish Bhagwati depicts its literary masterpiece. The website's design is a showcase of the thoughtful curation of content, providing an experience that is both visually engaging and functionally intuitive. The bursts of color and images blend with the intricacy of literary choices, shaping a seamless journey for every visitor.

The download process on In Defense Of Globalization Jagdish Bhagwati is a harmony of efficiency. The user is welcomed with a straightforward

pathway to their chosen eBook. The burstiness in the download speed ensures that the literary delight is almost instantaneous. This effortless process matches with the human desire for fast and uncomplicated access to the treasures held within the digital library.

A critical aspect that distinguishes run.curamericas.org is its commitment to responsible eBook distribution. The platform rigorously adheres to copyright laws, ensuring that every download Systems Analysis And Design Elias M Awad is a legal and ethical effort. This commitment brings a layer of ethical perplexity, resonating with the conscientious reader who esteems the integrity of literary creation.

run.curamericas.org doesn't just offer Systems Analysis And Design Elias M Awad; it fosters a community of readers. The platform supplies space for users to connect, share their literary journeys, and recommend hidden gems. This interactivity infuses a burst of social connection to the reading experience, elevating it beyond a solitary pursuit.

In the grand tapestry of digital literature, run.curamericas.org stands as a vibrant thread that blends complexity and burstiness into the reading journey. From the nuanced dance of genres to the swift strokes of the download process, every aspect echoes with the changing nature of human expression. It's not just a Systems Analysis And Design Elias M Awad eBook download website; it's a

digital oasis where literature thrives, and readers begin on a journey filled with delightful surprises.

We take satisfaction in curating an extensive library of Systems Analysis And Design Elias M Awad PDF eBooks, meticulously chosen to appeal to a broad audience. Whether you're a enthusiast of classic literature, contemporary fiction, or specialized non-fiction, you'll uncover something that fascinates your imagination.

Navigating our website is a piece of cake. We've developed the user interface with you in mind, making sure that you can effortlessly discover Systems Analysis And Design Elias M Awad and retrieve Systems Analysis And Design Elias M Awad eBooks. Our search and categorization features are user-friendly, making it straightforward for you to locate Systems Analysis And Design Elias M Awad.

run.curamerica.org is committed to upholding legal and ethical standards in the world of digital literature. We prioritize the distribution of In Defense Of Globalization Jagdish Bhagwati that are either in the public domain, licensed for free distribution, or provided by authors and publishers with the right to share their work. We actively discourage the distribution of copyrighted material without proper authorization.

Quality: Each eBook in our inventory is meticulously vetted to ensure a high

standard of quality. We strive for your reading experience to be pleasant and free of formatting issues.

Variety: We regularly update our library to bring you the latest releases, timeless classics, and hidden gems across categories. There's always an item new to discover.

Community Engagement: We appreciate our community of readers. Interact with us on social media, share your favorite reads, and become in a growing community dedicated about literature.

Regardless of whether you're a dedicated reader, a student in search of study materials, or someone exploring the world of eBooks for the first time, run.curamerica.org is available to provide to Systems Analysis And Design Elias M Awad. Follow us on this reading journey, and allow the pages of our eBooks to take you to new realms, concepts, and encounters.

We understand the thrill of discovering something fresh. That's why we consistently refresh our library, making sure you have access to Systems Analysis And Design Elias M Awad, acclaimed authors, and hidden literary treasures. On each visit, look forward to different opportunities for your reading In Defense Of Globalization Jagdish Bhagwati.

Gratitude for selecting run.curamerica.org as your trusted destination for PDF eBook downloads.

Delighted perusal of Systems Analysis

And Design Elias M Awad
